INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and
City Council
City of Whitewater
Whitewater, Kansas

We have audited the accompanying financial statements of the City of Whitewater, Kansas, as of and for the year ended December 31, 2010, and the individual fund financial statements of the City as of and for the year ended December 31, 2010, as listed in the table of contents. These financial statements are the responsibility of the City of Whitewater's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the *Kansas Municipal Audit Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the City of Whitewater, Kansas, prepares its financial statements on a prescribed basis of accounting that demonstrates compliance with the cash basis and budget laws of the State of Kansas, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, because of the City's policy to prepare its financial statements on the basis of accounting as discussed in the preceding paragraph, the financial statements referred to in the first paragraph do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City of Whitewater, Kansas, as of December 31, 2010, or the results of its operations for the year then ended.

However, in our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the cash and unencumbered cash balances of the City of Whitewater, Kansas, as of December 31, 2010, and its cash receipts, cash disbursements and expenditures compared to budget, for the year then ended on the basis of accounting described in Note 1. Also, in our opinion, the individual fund financial statements as of and for the year ended December 31, 2010, present fairly, in all material respects, the unencumbered cash balances and cash receipts and expenditures, on the basis of accounting described in Note 1.

George, Bowerman & Noel, P.A.

CITY OF WHITEWATER, KANSAS
NOTES TO FINANCIAL STATEMENTS

December 31, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting entity

The City operates under a Mayor-Council form of government consisting of a Mayor and five council persons and provides services to its citizens in the areas of highways and streets, water, sewer and refuse utilities, public improvement, public safety, planning and zoning, recreation and general administrative services.

These financial statements present the City of Whitewater, Kansas, (the primary government) and its component units. A primary government is a legal entity or body politic and includes all funds, organizations, institutions, agencies, departments and offices that are not legally separate. Such legally separate entities are referred to as component units. The component units discussed in the following paragraphs are included in the City's reporting entity because the primary government is considered financially accountable or the economic resources received and held by the separate organization is entirely for the direct benefit of the primary government.

A five-member board appointed by the Mayor with approval by the City Council governs the Whitewater Park Board. The Whitewater Park Board is reported as if it were part of the primary government because its sole purpose is to administer recreation programs for the City. The primary funding for the Whitewater Park Board is provided through appropriations from the City's General Fund and from user fees.

The Whitewater Cemetery Board is governed by a seven-member board appointed by the Mayor with approval by the City Council. The Whitewater Cemetery Board is reported as if it were part of the primary government because its sole purpose is to maintain the Whitewater Cemetery. The primary funding for the Whitewater Cemetery Board is provided through appropriations from the City's General Fund and from the sale of lots.

A seven-member board appointed by the Mayor with approval by the City Council governs the Whitewater Public Library Board. The Whitewater Public Library Board operates the public library in the City. The Library Board may not purchase or lease a site or erect a building for use of the library without the approval of the City Council. The Library Board taxes are levied under the taxing authority of the City and are included as part of the City's total tax levy. These taxes are accounted for in the Library special revenue fund of the City. The Library Board also receives funding through state assistance programs and donations.

The City's component units do not issue separate financial statements.

Description of funds

The accounts of the City are organized and operated on the basis of funds, each of which is defined as an accounting entity with a self-balancing set of accounts established for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

In accordance with state statutes, several different types of funds and account groups are used to record the City's financial transactions. For financial reporting, they have been grouped and are presented in this report as follows:

Governmental fund types

General fund – The general fund is used to account for all financial resources except those required to be accounted for in another fund.

Special revenue funds – Special revenue funds are used to account for the proceeds of specific revenue sources that are restricted by law or administrative action to expenditure for specified purposes.

Debt service fund – The debt service fund is used to account for the accumulation of resources for, and the payment of, interest and principal on general long-term debt, including special assessments, which are general obligations of the City.

Proprietary fund types

Enterprise funds – Enterprise funds are used to account for operations where it is the stated intent that costs of providing that service to the general public on a continuing basis be financed or recovered primarily through user charges.

Fiduciary fund types

Agency funds – Agency funds are used to account for assets held by the City as an agent for individuals, private organizations and other governmental units. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Basis of accounting

The financial statements are presented on the statutory basis of accounting. The statutory basis is a basis of accounting which demonstrates compliance with the cash basis and budget laws of Kansas. Cash receipts are recognized when the cash balance of a fund is increased. For an interfund transaction, a cash receipt is recorded in the fund receiving cash from another fund. Cash disbursements are recognized when the cash balance of a fund is decreased. For an interfund transaction, a cash disbursement is recorded in the fund from which the cash is transferred. Expenditures include disbursements, accounts payable and encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods and services, and are usually evidenced by a purchase order or written contract.

The City has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles (GAAP) and allowing the municipality to use the statutory basis of accounting.

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Departure from generally accepted accounting principles

The basis of accounting described above results in a financial statement presentation, which shows cash receipts, cash disbursements, cash and unencumbered cash balances and

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

expenditures compared to budget. Balance sheets that would have shown noncash assets such as receivables, inventories and prepaid expense and liabilities such as deferred revenue and matured principal and interest payable and reservations of the fund balance are not presented. Under accounting principles generally accepted in the United States of America, encumbrances are only recognized as a reservation of fund balance; encumbrances outstanding at year-end do not constitute expenditures or liabilities. Consequently, the expenditures as reported do not present the cost of goods and services received during the fiscal year in accordance with generally accepted accounting principles. Capital assets that account for land, buildings, infrastructure and equipment owned by the municipality are not presented in the financial statements. Also, general long-term debt such as general obligation bonds, temporary notes and compensated absences are not presented in the financial statements.

Budgetary principles

The City is required by state statute to legally adopt annual operating budgets for the general fund, special revenue funds (unless exempted by specific statute), debt service fund and enterprise funds. A legal operating budget is not required for the Capital Equipment Reserve, Capital Improvement Reserve, Centennial Program, Whitewater Lakes Improvement Project, Whitewater Lakes Debt Service, Whitewater Lakes Cost of Issuance, Whitewater Public Library, Whitewater Park Board and Whitewater Cemetery funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. This process requires a notice of public hearing to amend the budget to be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. The budgeted amounts in the budgetary basis financial statements represent the original amounts as adopted by the governing body.

Kansas statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds.

All legal annual operating budgets are prepared using the modified accrual basis of accounting, modified further by the encumbrance method of accounting. For budgetary purposes, encumbrances of the budgeted governmental fund types, representing purchase orders, contracts and other commitments, are reported as a charge to the current year budget. All unencumbered appropriations lapse at the end of the year, except for capital project fund appropriations, which are carried forward until such time as the project is completed or terminated.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Controls over spending in funds which are not subject to legal budgets are maintained by other statutes or by the use of internal spending limits established by management.

Cash and short-term investments

Cash and short-term investments include amounts in money market accounts and certificates of deposit. Cash deposits are reported at a carrying amount that approximates fair value. Interest income is credited to the Whitewater Lakes Improvement Fund and Waterworks Utility Fund based on their average monthly balances and the Centennial Program fund based on specific investments of that fund. All other interest earnings are credited to the General fund.

Compensated absences

The City's policies regarding vacation permits one week vacation, forty hours pay at the employee's regular base pay rate, after completing one year of continuous service and two weeks vacation after completing two years of continuous service. There is no policy as to the maximum accumulation of such amounts. Full-time employees earn one working day of sick leave for each full month of service up to ten days per year. Sick leave is allowed to accumulate up to a maximum of ninety days. Policies require the cancellation of accumulated sick pay on date of employment termination.

Pension plan

All full-time employees are members of the State of Kansas Public Employees' Retirement System (KPERs), which is a cost sharing multi-employer statewide pension plan. The City's policy is to fund all pension costs as accrued; such costs to be funded are determined annually by the system's actuary.

Concentration of credit risk

The City routinely grants credit to utility customers, in accordance with applicable utility rate ordinances, all of which are located within the environs of the City. This credit is collateralized with security deposits from slow paying customers.

Risk management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City carries commercial insurance for all risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

2. DEPOSITS AND INVESTMENTS

Deposits and investments

K.S.A. 9-1401 establishes the depositories which may be used by the City. The statute requires banks eligible to hold City funds have a main or branch bank in the county in which the City is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of Federal Depository Insurance Corporation (FDIC) coverage. The City has no other policies that would further limit interest rate risk.

2. DEPOSITS AND INVESTMENTS (continued)

K.S.A. 12-1675 limits the City's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has no investment policy that would further limit its investment choices.

Concentration of credit risk

State statutes place no limit on the amount the City may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. All of the City's deposits are with the Bank of Whitewater.

Custodial credit risk – deposits

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require the City's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, Kansas.

At December 31, 2010, the City's carrying amount of deposits was \$154,540 and the bank balances were \$154,223. The bank balances were held by one bank resulting in a concentration of credit risk. The bank balances were entirely covered by FDIC insurance at December 31, 2010. In addition, the City had collateral securities held by the pledging financial institution's agents in the City's name for which the fair value of the pledged securities held by the custodial bank was \$229,657 at December 31, 2010.

The City's component units' cash and investments at December 31, 2010 consisted of checking, savings and certificate of deposit accounts. At year-end, the carrying amount of the City's component units' deposits were \$59,859 and the bank balances were \$62,182, which were entirely covered by federal depository insurance.

3. LONG-TERM DEBT

Changes in long-term liabilities for the City for the year ended December 31, 2010, were as follows:

<u>Issue</u>	<u>Interest Rates</u>	<u>Date of Issue</u>	<u>Amount of Issue</u>	<u>Date of Final Maturity</u>	<u>Balance Beginning of Year</u>	<u>Additions</u>	<u>Reductions/ Payments</u>	<u>Balance End of Year</u>	<u>Interest Paid</u>

Total contractual indebtedness					1,189,916	–	294,234	895,682	49,039

3. LONG-TERM DEBT (continued)

Issue	Interest Rates	Date of Issue	Amount of Issue	Date of Final Maturity	Balance Beginning of Year	Additions	Reductions/ Payments	Balance End of Year	Interest Paid
Compensated absences					\$ 3,740	\$ 4,027	\$ 5,830	\$ 1,937	\$ —
Total long-term debt					\$1,193,656	\$ 4,027	\$300,064	\$ 897,619	\$ 49,039

General obligation bonds

The Series A 2004 bonds and Series B 2004 bonds were purchased by the United States Department of Agriculture – Rural Development pursuant to a loan agreement with the City to provide financing for the City's wastewater lagoon improvement project. The Series A 2004 bonds and Series B 2004 bonds may be called for redemption at any time at their par value plus accrued interest thereon to the redemption date.

The debt service payments for the Series A 2004 bonds and the Series B 2004 bonds will be financed through the Sewage Treatment Fund through user charges.

The annual debt service requirements for the outstanding general obligation bonds at December 31, 2010 is as follows:

Year	Series A 2004			Series B 2004			Total General Obligation Bonds		
	Principal	Interest	Total	Principal	Interest	Total	Principal	Interest	Total
2011	\$ 10,330	\$ 36,185	\$ 46,515	\$ 895	\$ 3,479	\$ 4,374	\$ 11,225	\$ 39,664	\$ 50,889

	<u>\$ 804,111</u>	<u>\$ 783,070</u>	<u>\$ 1,587,181</u>	<u>\$ 73,238</u>	<u>\$ 76,004</u>	<u>\$ 149,242</u>	<u>\$ 877,349</u>	<u>\$ 859,074</u>	<u>\$ 1,736,423</u>

Capital lease obligations

During 2005, the City entered into an agreement for the purchase of a tractor/backhoe with its financial institution in the amount of \$54,896. The agreement provides for semiannual payments in the amount of \$5,311, including principal and interest, through September 2011.

3. LONG-TERM DEBT (continued)

During 2008, the City entered into a lease agreement for the purchase of a pickup truck with its financial institution in the amount of \$15,303. The agreement provides for semiannual payments in the amount of \$2,164, including principal and interest, through August 2012.

These leases qualify as capital leases for accounting purposes and, accordingly, have been recorded at the present value of the minimum lease payments at the date of the lease inception. The annual requirements to amortize the capital lease obligations outstanding at December 31, 2010, including interest payments, is as follows:

Year	Tractor/backhoe			Pickup truck			Total		
	Principal	Interest	Total	Principal	Interest	Total	Principal	Interest	Total
2011	\$10,257	\$ 365	\$10,622	\$ 3,926	\$ 401	\$ 4,327	\$ 14,183	\$ 766	\$ 14,949
2012	—	—	—	4,150	177	4,327	4,150	177	4,327
	<u>\$10,257</u>	<u>\$ 365</u>	<u>\$10,622</u>	<u>\$ 8,076</u>	<u>\$ 578</u>	<u>\$ 8,654</u>	<u>\$ 18,333</u>	<u>\$ 943</u>	<u>\$ 19,276</u>

The lease payments are allocated among the General, Special Highway, Waterworks Utility and Sewer Utility funds.

Temporary notes payable

Kansas statutes permit the issuance of temporary notes to finance certain capital improvement projects which will be refinanced with general obligation bonds or paid through other resources available to the city. Prior to the issuance of the temporary notes, the governing body must take the necessary legal steps to authorize the issuance of general obligation bonds. Temporary notes issued may not exceed the aggregate amount of bonds authorized, are interest bearing and have a maturity date not later than four years from the date of issuance. During 2010, the City retired \$270,000 of temporary notes and there were no outstanding temporary notes at December 31, 2010.

4. WATER AND SEWER REPLACEMENT RESERVES

Applicable state statutes permit the governing body to legally restrict a portion of operating revenue to be used for future replacement of the water and sewer systems. The Water Improvement Reserve Fund and Sewer Improvement Reserve Fund represent assets legally restricted for future water and sewer system replacements.

5. PENSION PLAN

Plan description

The City participates in the Kansas Public Employees Retirement System (KPERs), a cost sharing multiple employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. KPERs provides retirement benefits, life insurance, disability income benefits and death benefits. Kansas law establishes and amends benefit provisions. KPERs issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERs, 611 S. Kansas Avenue, Suite 100, Topeka, Kansas 66603.

5. PENSION PLAN (continued)

Funding policy

K.S.A. 74-4919 establishes the KPERS member-employee contribution rate at 4% of covered salary for participants employer prior to July 1, 2009 and at 6% for new participants employed July 1, 2009 and thereafter. Member-employees' contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rate be determined annually based on the results of an annual actuarial valuation. KPERS is funded on an actuarial reserve basis. State law sets a limitation on annual increases in the contribution rates for KPERS employers. The employer rate established by statute for the period from January 1, 2010 to December 31, 2010 was 7.14%. Included in this rate is the contribution for the Group Death and Disability Insurance of 1.0%, which from April 1, 2010 through June 30, 2010 there was a moratorium on the collection thereof. The City's contributions to KPERS for the years ending December 31, 2010, 2009 and 2008 were \$9,277, \$8,250 and \$7,198, respectively, equal to the statutory required contributions for each year.

6. CAPITAL PROJECT AUTHORIZATIONS

At December 31, 2010 capital project authorizations compared with project expenditures from inception are as follows:

	<u>Project Authorizations</u>	<u>Expenditures Project Inception to December 31, 2010</u>
Whitewater Lakes Addition Project (includes the Debt Service and Cost of Issuance Funds)	\$ 421,166	\$ 257,697

7. INTERFUND TRANSFERS

Interfund transfers during 2010 were as follows:

<u>Fund</u>	<u>Transfers In</u>	<u>Transfers Out</u>
Waterworks System	\$ -	\$ 10,000
Sewage Treatment	-	10,000
Water Improvement Reserve	10,000	-
Sewer Improvement Reserve	<u>10,000</u>	<u>-</u>
Totals	<u>\$ 20,000</u>	<u>\$ 20,000</u>

8. OTHER POST EMPLOYMENT BENEFITS

The City does not provide for any post employment benefits in the form of group health insurance or other insurance plans.

9. CONTINGENCIES

The City is the defendant in a suit regarding claim for injuries sustained regarding a fall on a City sidewalk. Management represents that the City will vigorously defend this action and is represented by legal counsel provided by the City's insurance carrier. Management represents that any potential liability incurred by the City will not be significant to the City's financial statements.

10. COMPARATIVE DATA

The amounts shown for 2009 in the accompanying financial statements are included, where practicable, only to provide for comparison with 2010 and are not intended to present all information necessary for a fair presentation in accordance with the statutory basis of presentation. Certain amounts for 2009 have been reclassified to conform to the 2010 presentation.
